

PROUD TO SUPPORT IO STO CON IL REGINA MARGHERITA

The board of **ett** is delighted to announce that we have a new charity commitment in collaboration with the International Women's Club of Torino (IWCT). Io Sto Con il Regina Margherita, is the charity committed to the development of Turin's children's hospital.

The decision was taken because, while it is great fun for us at **ett** to put on our various shows, we also feel that we should be giving something back to the local community. We are hoping that the contribution (to be made in June) will demonstrate **ett's** intention to do more for the Turin community and also cement our close relationship with IWCT as one of their supported activities.

Because the children's charity has no administration costs our donation will make a bigger impact if it is given in one instalment so we have asked that our entire 500 euros support from IWCT from this year become our donation.

We decided on this charity as it has already been verified by IWCT and we can be sure our contribution will be going to a good cause. If anyone has any questions about our decision or would like to add their support to **ett** or our chosen charity please contact **ett** by email at ett@englishtheatertorino.com

In the meantime, another theatre rehearsal for *Play On!* got off to a great start...Not long to go now!!! Here are some photos of our new recruits
